*To Whom It May Concern:*

*It is both a pleasure and a privilege to recommend Gravity Play to your company or organization.*

*Gravity Play is one of our most frequently reserved vendors and has always represented The Broadmoor in the most professional manner. Gravity Play is consistently surprising with their resourcefulness and the amount of new equipment and services that they offer. Gravity Play's adventure guides are the most respected and knowledgeable guides in the Rocky Mountain Region. As for their entertainment business, the equipment has always arrived in wonderful shape and the employees of Gravity Play are always extremely knowledgeable of each piece of the equipment.*

*On a personal note, Gravity Play and their employees are quite fun to be around! I am proud to be partnered with such a remarkable company.*

*I highly recommend Gravity Play to you!*

*Kindest regards,*

*Shauna Sartori*
